Species	Date(s) Observed	Spawning	Rearing	Migration
Silver	11/83-12/83 10/82-12/82	X	X	
Pinks	08/84-09/84	X		

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

Silvers were observed spawning in Shop Creek during the winters of

1982 and 1983, November & December add 307-31-10509-2003

Dead pink salmon were observed on Sept. 18, 1984 in the North Fork of Upper Unalaska Creek.

Both creeks have population of Dolly Vardens.

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
